

1 **R307. Environmental Quality, Air Quality.**

2 **R307-325. Ozone Nonattainment and Maintenance Areas:**

3 **General Requirements**

4 **R307-325-1. Purpose.**

5 The purpose of R307-325 is to [E]establish general  
6 requirements for control of volatile organic compounds  
7 (VOCs) in any nonattainment [and]or maintenance area[s].  
8

9 **R307-325-2. Applicability.**

10 R307-325 applies to all sources located in any  
11 nonattainment or maintenance area for ozone.  
12

13 **R307-325-3. Definition and General Requirement.**

14 No person shall allow or cause volatile organic  
15 compounds (VOCs) to be spilled, discarded, stored in open  
16 containers, or handled in any other manner that would  
17 result in greater evaporation of VOCs than would have if  
18 reasonably available control technology (RACT) had been  
19 applied. [, which would result in evaporation in excess of  
20 that which would result from the application of control  
21 technology that is reasonably available considering  
22 technological and economic feasibility.]  
23

24 **R307-325-4. Compliance Schedule.**

25 All sources within any newly designated nonattainment  
26 area for ozone shall be in compliance with this rule within  
27 180 days of the effective date of designation to  
28 nonattainment.  
29

30 **KEY: air pollution, emission controls, ozone, RACT**

31 **Date of Enactment or Last Substantive Amendment: 200[6]7**

32 **Notice of Continuation: August 1, 2003**
